

System LAUNDRY SHAFT

THE MOST DIRECT ROUTE TO THE WASHING MACHINE

A stainless-steel laundry chute offers many advantages as it makes it easy to get rid of dirty laundry in no time, transporting it straight to where it belongs: to the washing machine. Ideally, a laundry chute is already included in the design of the building. But even in existing buildings, e.g. unused chimneys can be converted into a laundry discharge shaft. například nepoužívané komínové průduchy přeměnit na prádelní shoz.

CHARACTERISTICS

- Sophisticated, well thought out plug-in system for easy installation
- Made in Germany
- 25 years warranty
- Stainless steel 1.4301 (304) in high gloss
- Visible elements on request available in brushed or painted surface
- Available on the surface
- No static charge (compared to plastic systems)
- Plug-in direction prevents sharp-edged transitions in the pipe, where laundry may get caught or damaged
